EVENT DETAILS

The Association Of Computer Engineers-ACE and Computer Society of India-CSI Student Chapter KLS-GIT in collaboration with IEEE WIE AG, organized an Anti-Sexual Harassment workshop on 26th August 2022 , to remarkably spot the special occasion of “Women’s Equality Day”.

A small gathering of around 30 attendees was addressed by the speaker from 3 P.M. to 5 P.M. , a few lighter notes that amplify the importance of noticing , reporting and reacting to sexual assaults, gender discrimination and other gender-specific stigmas were addressed. Our resource person, Ms.Kirti Shivkumar made sure of including all minor and major details in the simplest of forms to ensure that the right form of information was being disseminated to the audience.

It was a combo of assault signs, actions, remarks, their derogatory responses, stereotypical views of society and mostly pointers on how to deal with it in a calm and mindful manner.

EVENT PHOTOS

EVENT OUTCOME

This session strode another leap towards the confirmation of women's safety and sanity that would then lead to extended contribution and unbridled growth of success stories in the woman folk. We look forward to witnessing it and encouraging a much larger crowd in the future.

THANK-YOU!
